- ▶ National/State Systems
- ▶ Web Sites
- ▶ Scheduling

The **ORBIT** Lacrosse System allows your organization to easily accept online registrations for your youth/adult players and coaches. If desired, the system will also collect and keep track of your US Lacrosse\* fees for each registrant. Once your account is activated you will have access to useful forms and reports to help you track your valuable data and easily communicate with your members. All functions are Internet based so you can access the system from any Internet connected computer. The ORBIT system also supports multi-level organizations, such as chapters, leagues and clubs.

The **ORBIT** Lacrosse system includes:

- Youth/Adult Player and Coach online registration forms (remember, this is your data and YLUSA does not sell, rent, share or distribute your data to any third parties)
- View/Edit of registrant data
- Automatic control of your fees for each of your pre-defined groups (e.g. age, grade, gender), including late fees, shutdown, and waitlist by group
- Form for you to enter data from any paper applications you receive
- Team building module, including team contact rosters and emergency release rosters
- Mass E-mail Communication System
- Your choice of accepting payments by credit card and/or mail-in check (we can also help you establish a separate account to handle recurring billing for credit cards)
- Report to record receipt of mail-in check payments
- Manage and update authorized system users at various levels of access
- Download of player and coach data
- Detailed Financial Report
- Census Report to track the number of registrants by group
- Download of data in correct format for submission to US Lacrosse\* (if this option is selected)

### Lacrosse parent (and systems consultant) comments:

"The on-line registration is REALLY, REALLY great and a major improvement. It even inspired me to give a \$100 donation. Let's hope everyone is as inspired as I was! GREAT JOB ON THE WEB REGISTRATION!!!"

### New Lacrosse parent comments:

"I found the process easy. Having no check to write or envelope to send (and wonder whether it would reach its intended destination) was a plus. Finally, it's good to get immediate confirmation so I won't be wondering in March whether we're really signed up. THANKS."
